DETAILED ACTION

Response to Amendment

Amendment filed 9/30/05 has been entered. Claims 2-14 and 16-42 are subject to examination herein.

Allowable Subject Matter

Claims 2-14 and 16-42 are allowed.

The following is an examiner's statement of reasons for allowance:

Claim 2 recites the limitation of a detector comprising a light irradiating mechanism for emitting light during detection of radiation wherein said light has a wavelength shorter than a wavelength corresponding to a band gap energy of the semiconductor used.

Claim 3, 16, and 23 recite the limitation of a detector comprising a light irradiating mechanism for emitting light during detection of radiation wherein said light has a wavelength shorter than a wavelength that halves a transmittance of said semiconductor used, and longer than a wavelength corresponding to band gap energy of a semiconductor.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
